Time	Friday
	Lunch /Arrival
14:00	Opening
14:10 - 15:00	**Judge : Don't Vote!** *(Michel Balinski - École Polytechnique)*
15:00 - 15:50	**Towards a "Borda count" for judgment aggregation** *(William S. Zwicker - Union College)*
15:50 - 16:40	**A Failure of Representative Democracy** *(Katherine Baldiga - Harvard University)*
16:40 - 17:10	**Coffee Break**
17:10 - 18:00	**Condorcet admissibility** *(Clemens Puppe - Karlsruhe Institute of Technology)*
18:00 - 18:50	**Strategic Sequential Voting in Multi-Issue Domains and Multiple-Election Paradoxes** *(Lirong Xia - Duke University)*
19:30	**Dinner**

Time	Saturday
09:00 - 09:50	**Choosing Collectively Optimal Sets of Alternatives Based on the Condorcet Criterion** *(Jérôme Lang - Université Paris-Dauphine)*
09:50 - 10:40	**Dealing with the inconsistencies of judgment aggregation and social choice: A general proposal based on Theophrastus principle** *(Rosa Camps, Xavier Mora - Universitat Autonomá Barcelona)*
10:40 - 11:10	**Coffee Break**
11:10 - 12:00	**Majority Rule in the Absence of a Majority I** *(Klaus Nehring - University of California)*
12:00 - 12:50	**Majority Rule in the Absence of a Majority II** *(Marcus Pivato - Trent University)*
12:50 - 14:20	**Lunch**
14:20 - 15:10	**Abstract aggregation theory: the lattice approach.** *(Bernard Monjardet - Universite de Paris 1 Panthéon-Sorbonne)*
15:10 - 16:00	**Binary Aggregation with Integrity Constraints** *(Ulle Endriss - University of Amsterdam)*
16:00 - 16:30	**Coffee Break**
16:30 - 17:20	**Impartial award of a prize** *(Ron Holzman - Technion-Israel Institute of Technology)*
17:20 - 18:10	**Impartial peer ranking** *(Herve Moulin - Rice University)*
18:30	**Departure for Dinner at Morlokhof, Baiersbronn**
	Dinner
23:30	**Return from Dinner**

Time	Sunday
09:20 - 10:10	**Aggregation, Reasons and Dynamics** *(Fabrizio Cariani - Northwestern University)*
10:10 - 11:00	**Epistemic democracy with defensible premises** *(Franz Dietrich - The London School of Economics and Political Science)*
11:00 - 11:20	**Coffee Break**
11:20 - 12:10	**A measure of distance between judgment sets** *(Conal Duddy, Ashley Piggins - National University of Ireland)*
12:10 - 13:00	**Allocating public goods via the Median Rule** *(Tobias Lindner - Karlsruhe Institute of Technology and Member of the German National Parliament)*
13:00 - 14:20	**Lunch**
14:20 - 15:10	**Models of Manipulation on Aggregation of Binary Evaluations** *(Elad Dokow - The Hebrew University of Jerusalem)*
15:10 - 16:00	**Dichotomous Preferences, Dichotomous Judgments, and Approval Voting** *(Philippe Mongin - GREGHEC (HEC Paris and CNRS))*
16:00 - 16:50	**Clone Structures in Elections** *(Piotr Faliszewski - AGH University of Science and Technology)*
17:00	**Hike Together**
18:45 - 20:00	**Shuttle Service to Strasbourg**
